*What we call the beginning is often the end
And to make an end is to make a beginning.
The end is where we start from.*

September is about beginnings and endings not just for people but for all of nature. Look out for the swallows on the phone lines preparing to begin their journey south to warmer climates. Look higher in the sky and you may see the beautiful sight of the long V shaped 'skeins' of geese flying high in the sky, returning south having ended their summer residences in northern climes. Above all, September is a time of harvest, a time of gathering in at the end of summer, preparing for the beginning of autumn and winter.

In Roman times September used to be the seventh month of the year as the year began in March. Julius Caesar changed the calendar and made January the beginning of the year. January is named after the Roman god Janus, the god of Gates and Doors. He is usually depicted with two faces, one looking back to what has gone before and the other looking forward to what lies ahead. He is therefore also the god of Endings and Beginnings. September is like a little January. A time to take stock, to look back at what has gone and to look ahead to what is to come – whatever that might be.

Perhaps you might like to use this prayer of St Theresa of Avila at this time:

*Let nothing disturb you
Let nothing frighten you;
All things pass:
God never changes.
Patience obtains all things.
They who have God
Find they lack nothing,
God alone suffices.*

With love and prayers

PARISH COUNCIL NEWS

Your Village Website

www.burstowparishcouncil.org.uk

September is a lovely month. It always appears to make up for the bad weather we have in the summer and the bright, low sun picks up the colours of the changing leaves – very beautiful – it almost makes one poetic! It is also the time that we return from our month off and fully refreshed settle down to working on Council matters. The first thing is to start to set the budget. Ray asked if anyone had any ideas to please let us know – that is so that we can factor in any finances required for the year 2016/7 for any of those thoughts should they be viable. One to think about is to revisit having a Summer Party. The team that run the Steam Rally (which used to be at Lingfield) has also decided it is time to stop so perhaps we can work in conjunction with them to put on this really good event – 'tis an idea! The other one is to have a Village Diary – like we used to have in the Post Office, although it could be virtual, hosted on the village website but would be a useful addition to the community. What we need to have in it is all the events from all the venues in the parish (Centenary Hall, Scout Hut, Smallfield Club and Church Hall) which would also be a good way of advertising our Clubs, Adult Education, Social events etc. The perfect place for this to be put would be in the Community Café, which is the major project for the council over the next year. We are looking to completely re-jig the building so that we can have a community café, a better council chamber which can double up as a business meeting room for hire, and make sure that we can have another meeting room besides the hall itself. All this is taking time but we are slowly working out how it is possible. The Café will be a great meeting place and we are hoping to start a lunch club – just one day a week to begin with, which should provide a place for those who are alone to come along and interact with others.

The local housing is progressing – the buildings are marked out and the first groundbreaking has taken place for the houses! The roadway is constructed and the soakaways are all in place. I am keeping a photographic record of the project – it is all very exciting! For those wishing to put their names down for the houses and how to register will be in the newsletter we are delivering to everyone in the Parish about the same time as this magazine is being delivered to you! Most of the council members have been writing about what plans and projects they are involved with, from the Neighbourhood Plan, changes at the hall to the local housing itself. We have also introduced ourselves – with photos – so that you know who your councillors are – we hope you will find the newsletter informative.

The pond in Redehall Road was home for a lovely dark duck and her family but sadly the fox destroyed all 5 of the ducklings – so we will have to get a duck house for next year. The good news is that others have taken up residence and the ponds in Broadbridge Lane have moorhens as well as ducks – I have added a photo of the family!

CAMEO

We enjoyed a super outing on Friday 7 August. We met in Smallfield to join a coach about 2 o'clock which took us to the Onslow Arms. There we had time to have a drink or an ice cream, if we wished, and to sit in the sun or the shade before going aboard a boat to be taken along the Wey & Arun Canal for about two hours. Four crew members were aboard so none of us had to leap out and operate the locks. While all the sights were pointed out to us, we had tea or coffee and sandwiches, cakes and scones followed by strawberries and cream. Of course we did not forget to have a good chat and meet a few new people who had joined to make up the numbers. Those who had walking aids were helped on and off the boat and their aids stored while we were aboard and waiting when we landed.

We had another coach ride back to Smallfield along a slightly different route to pick up our own transport about 7 pm.. Many of us then went home to have a good nap after a really enjoyable afternoon

SMALLFIELD CRICKET CLUB

This year is the 60th anniversary of Smallfield Cricket Club playing at its' Plough Road ground. The club currently has a Saturday XI, a Sunday XI, and an evening side which plays T20 cricket during the week. The Saturday XI play in Division 3 of the Mid-Sussex League whilst the Sunday XI and evening side play friendlies.

From October until March, we will be playing 6 a side cricket in the Indoor League held in Crawley. These games are on Sunday afternoons. We will also have Winter nets which begin in January and end in March. Next season will see us extend our fixture list for mid-week evening games as well as continuing league cricket and Sunday friendlies.

We are currently looking to recruit players for the Sunday XI. We welcome players from all backgrounds and standards of cricket and it doesn't matter if you can only play in the odd game. The youngest age we can accept to play for us is 14 years old. Adult female players are also welcome to play for us. If you enjoy the outdoors, exercise and the camaraderie that comes with being part of a team, playing cricket for Smallfield on a Sunday is something you will cherish.

The Sunday XI have the following fixtures remaining:

Sunday 23rd August: Cruddington (Home), 1pm start

Sunday 30th August: Salfords (Away), 1pm start

Sunday 6th September: Caterham (Away), 2pm start

Sunday 13th September: Coldharbour (Away), 1.30pm

Sunday 20th September: Crawley Eagles (Home), 2pm start - 30 overs a side.

If you fancy a game, please contact Graeme Brookes on 07747 605249.

Feel free to come and watch our home games. You are always welcome to get a beverage from the bar and enjoy watching some cricket.

LETTER TO THE EDITOR

Dear Editor,

Reading your April *Parish News* brought back some lovely memories. I refer to the Village Traders, the Scissor Grinder and his bicycle in *The Way It Was*.

His name was Henry Jones and he lived on a field to the left off the roundabout on the Horley side. He used to do all my tools and over many years we became good friends. I used to cut his hair, and shorten his trousers as he was not very tall. I always gave him something to eat. He always enjoyed my children and let them have a go on the cycle and grinder.

When we went on holiday he would keep an eye on our house while we were away. Henry also kept an Alsatian dog as a guard dog which he left with his caravan while away working. The caravan was the horse drawn round type.

He moved to Charlwood and went to help out on a farm there. We moved from Smallfield to Horley and Henry would come to see me. We sat many an evening enjoying a drink and a chat.

I am sad to say he stopped coming and I presume he had died some time ago. I was not sure which farm he helped out on and lost contact. I still have my lovely memories of him. God rest his soul.

The picture is a copy from my photos.

Yours sincerely,

Mary Allen

Lots of interesting things are planned for future meetings, so please come along to see whether you'd like to join us - you will be most welcome! LOCAL BUSES - THE CURRENT SITUATION

The much discussed changes to the local bus services came into effect at the end of August. The new timetables are displayed at bus stops, with copies available to pick up on the bus. The SCC booklet of Bus Timetables for East Surrey, Horley and Redhill has been updated to 29.08.15 and re-issued; there are copies available in Horley library. So the current situation is :

526/7

The 526/527 service no longer comes to Smallfield or Burstow.

424

The Southdown 424 is our main service now. It runs Monday to Saturday, hourly through much of the day.

Its complete route is Redhill-Timperley Gardens-Batts Hill-Wray Common-Reigate-Woodhatch-East Surrey Hospital-Whitebushes-Horley-Smallfield-Copthorne-Crawley.

The route between Copthorne and Crawley has changed to go to some of the places the 526/7 service used to cover. This includes Copthorne Bank, Shipley Bridge Lane, Antlands Lane, Balcombe Road, Radford Road, Gatwick Road, Hazelwick Avenue (Flyover), By-Croft Way (to serve Tesco Superstore), Mill Lane, St Marys Drive, Haslett Avenue East (for Three Bridges Station) Three Bridges Road, North Road, Crossways, Gales Drive, Northgate Avenue, Boulevard, The Broadway, Crawley Bus Station. Buses will no longer serve Maxwell Way and Tinsley Lane.

485

The Southdown 485 now comes to Burstow and Smallfield once a day in each direction Monday to Friday. Its route is Reigate-Woodhatch-Hookwood-Horley-Smallfield-Copthorne-Newchapel-East Grinstead.

Going in the Reigate direction it calls at the Smallfield Post Office stop at 14.31, and in the East Grinstead direction at 11.01. So we now have a direct bus to East Grinstead which gives about two and a half hours there.

Others

The other buses are unchanged. Cruisers 315 runs 3 times a day Monday to Friday, its route is DORMANSLAND-LINGFIELD-SMALLFIELD-SOUTH NUTFIELD-REDHILL-EAST SURREY HOSPITAL .

Metrobus 915 and 917 run once a week to Tescos at Hookwood, the 915 on Thursdays via Smallfield, and the 917 on Mondays via Burstow.

A MAGICAL VIEW

In early August a dozen members of the Aviation Group spent the day at the Southdown Gliding club at Parham airfield near Storrington for a dedicated gliding day. Everyone enjoyed a trial lesson flight of between 20 and 35 minutes in an immaculate modern two-seater on a day said to be ‘as good as it gets’ with visibility from the Seven Sisters to the Needles. After the tow plane, fitted with £6,000 worth of special quiet prop and silencer, had towed the glider to between 2,500 and 3,000 ft the tow rope was released. We then enjoyed the wonderful world of silent flight over the glorious patchwork of the South Downs backed by the sparkling sea – absolutely magical. Even the complete beginners flew the glider with the instructor keeping a watchful eye and one lucky member got a strong up-current of rising air as the sun warmed the land and was wafted up to 4,500 ft. Several of the Gliding Club members took off in the morning returning nearly three hours later – we envied them! At one point a buzzard circled over to show us how it should be done.

We enjoyed being part of the team throughout the day in retrieving the gliders and returning them to the take off position, holding the wings up to start their take off run as well as moving everything to the opposite end of the airfield when the sea breeze got up. The cost was about the same as a London Theatre ticket, more details on their web site. Grateful thanks to the Southdown Gliding Club’s manager, the two patient instructors and of course the essential tug pilot, all of whom volunteer their time in what is a very professional set-up.

THE WAY IT WAS NO.15

Through the Thirties

It's doubtful if any talk of war meant anything to us boys, there were disabled men around who had returned from the Great War. We were now reaching double figures and looked forward to our new school in Horley, real teachers with exciting classes like music and making things.

In the glossy Picture Post paper magazine the fashion of the year advertised Miss 1939, "She rides a Motorised Bicycle" claimed the caption. Salisbury's handbags are offered for 10/- (10 shillings) (50p) and Remington Typewriters for £9.9.0. Health and fitness is prominent, 14 medicines in one is claimed by 'Ekna' powders, conveniently displayed next to Mackintosh's Quality Street.

Our future was set to follow in the trade of our parents or at best something that looked and sounded interesting. I doubt many of us had ambitions outside our parents followings. Both us boys were basic learners and found interests in everything around us. We saw the fun-side in most things especially with the first Beano and Dandy comics being issued this year.

Our roads were repaired by spraying tar from a mechanical sprayer and covered in loose shingle by hand from the back of a lorry, this shingle contained needle-like flints that were then steam-rollered into the sticky tarred surface. A lot of people rode bicycles with the carrying of puncture mending tools and patches very uppermost. Most men going to work could mend a puncture in about 10 min.

When road repairs were taking place a night watchman would be on hand whose duties were to light and look after the red-glassed paraffin lamps that surrounded the road materials. His standard accommodation was a roadside cabin on wheels.

Smallfield was a mainly farming area and in general it was very, very quiet, occasionally the sound of a shotgun firing with someone hunting for rabbits, the Fordson farm tractor was very effective but a devil trying to engage a gear, its harsh grating sound from meshing gears echoed through the cool air of a morning. Many farms had chickens, also cockerels which could be very noisy. Road sounds were few, sometimes a horse and trap would pass.

We were always fascinated by the distinctive humming sounds coming from the chain-drive transmission of the bright red Brook Bond Tea van. Thursday evenings were always bell-ringing practice for Burstow Church, the sounds drifted over a mile in the still air.

Recycling Success!

Residents are making the most of being able to recycle textiles, batteries and small electrical items by putting them out with the other bins in a small plastic carrier bag. The tonnage figures for all materials are increasing each month.

The service launched in December 2014 and since then the Council, working with Biffa, has collected:

- 15 tonnes of textiles (including paired shoes)
- 10 tonnes of small electrical items
- 1 tonne of batteries.

This is in addition to the 1,663 tonnes of food waste and 5,800 tonnes of mixed recycling collected. All of which has been recycled, instead of going to landfill.

Outdoor gym inductions

More gym inductions have been organised at the open air gyms across the district, which are free to use for adults. Each piece of equipment is clearly labelled with instructions about how to use it safely.

Fitness instructors from Tandridge Trust have set up a programme of inductions and classes for anyone who would like to know how to use the equipment, or who need help to get started. There will be a variety of sessions led by qualified instructors throughout September.

Adults welcome, regardless of fitness levels. Please wear suitable exercise clothing and footwear. No need to book, just turn up.

The Smallfield open air gym is next to Centenary Hall, Wheelers Lane RH6 9PT. Induction starts at 12pm on Thursday 10 September

For any questions about the sessions, please contact Chris Cole, Sports Centre and Fitness Manager, at Tandridge Trust on 01883 344355.

HAVE YOUR SAY ON SURREY'S COMMUNITY RECYCLING CENTRES

Surrey residents are being given the chance to share their views on the county's community recycling centres (CRCs). A consultation, launched by Surrey County Council in late July, is gathering views on options including charging for five types of non-household waste (such as rubble and gas bottles), reducing opening hours and closure of sites.

The aim of the consultation is to seek the views of residents on how best to reduce the costs of running the CRCs while maintaining this important service. Making savings means the council's budget can be spent on the services residents need the most.

To have their say, residents can complete an online survey at www.surreycc.gov.uk/recyclingcentres or pick up a paper copy from CRCs, council buildings, libraries or by calling 03456 009 009. The closing date is **30 September**.

WE WANT TO HEAR FROM YOU!

We would like to see more people contributing to *Parish News*. Perhaps you are a fairly new reader ... seeing *Parish News* for the first time now it is on the web. Is there something that you like/dislike about the local area/village? Is there something you think it lacks? Have you an interesting story or hobby? Have you seen an unusual bird/animal/plant? *PN* would like to have your views and news.

DO THE VILLAGE GROUPS YOU HAVE JOINED GET IN *PARISH NEWS*?

If not, they would be doing themselves and the village a favour by doing so! Now that *Parish News* is on the web as well as in printed form, it is even more readily available. If your Group does not already have a magazine correspondent, consider getting one of its members to take on this position.

Parish News is happy to accept contributions in a variety of ways - handwritten or typed and delivered/sent either to the editors' address or sent by e-mail (see page 1 for details).

All the articles in the magazine will be on the web version, so details of coming events, accounts of your activities, appeals for members, etc can all reach a wide audience in the village.

HINTS FOR CONTRIBUTORS

When you are giving information about coming events, remember to make sure you include all these details:

Day of the week, Date, Time, Place

If your Group has a regular meeting schedule (for example, second Thursday of each month) by all means say so, but remember to give the actual date as well. Avoid writing "At next month's meeting..." (it may be next month when you write it but it won't be when readers see it), but rather write, for example, "At our April meeting..."
