RECTOR'S RAMBLINGS

I love living in the country. Though I'm only a few miles away from my old parish in Redhill it feels like another world out here. It's very much farming country and reminds me of the part of Oxfordshire I grew up in. One of the churchwardens at the church where my father was rector was a farmer (she was a farmer's wife but following the death of her husband she became the farmer) and I have many happy memories of visiting her farm as a child and the teas she used to provide for my sister and me. Our rectory was surrounded by fields and I loved looking out at harvest time after bedtime, seeing the combine harvesters working through the night - though the real excitement came with the burning of the stubble, a practice which has been banned for a while now.

One of my favourite programmes is BBC's 'Countryfile', especially the farming bits in it and browsing through the Countryfile website the other day I was surprised to read that: in the UK the harvest festival, also known as the harvest home, is traditionally celebrated on the Sunday nearest the harvest moon. This is the full moon that occurs closest to the autumn equinox, which is often between 21-23 September.

That was news to me! I've always understood that the date for Harvest Festival is not a fixed one. After a little research I discovered that Harvest Festival is in actual fact a somewhat modern addition to the Church of England's calendar. Its origins can be traced to a certain Revd R. S. Hawker, a parish priest in Cornwall, who chose the first Sunday in October as a religious response to coincide with the traditional 'harvest home' celebrations, which were connected to the harvest moon but were not connected to the church.

And so there is in fact no set date for Harvest Festival in the church. In the Windmill United Benefice we are celebrating it at St Mary the Virgin, Horne on 8 September, at St John the Baptist, Outwood on 15 September and at St Bartholomew, Burstow on 6 October. This year at Outwood we are celebrating harvest in a slightly different way with an Arts and Crafts Day on Saturday 14 September from 11am - 3pm (*details on page 5*).

Even though it may not have a set date, harvest is an important time in the

A Helping Hand at a
Time of Need

Christian year. It's what Orthodox Christians call The Crown of the Year and whereas in Anglican and Roman Catholic churches the church year begins on Advent Sunday, the Orthodox Church year begins on September 1st as it is linked to the time of harvest. Jewish people also celebrate New Year around harvest time with Rosh Hashanah, which this year begins on 29 September 29.

Harvest is about reaping and sowing, the completion of one cycle and the beginning of another and so the harvest months of August and September are ending and beginning months, a time to pause, look back and give thanks, not only for the harvest around us but also for the changing seasons in our own lives:

*For the promise of harvest contained within a seed,
we thank you.*

*For the oak tree within an acorn, the bread within a grain, the apple within a pip,
the mystery of nature gift wrapped for us to sow,
we thank you.*

With love and prayers

Nicholas

PARISH COUNCIL NEWS

Your village website:
www.burstowparishcouncil.org.uk

August is traditionally a quiet time for the Parish Council which is in recess for the summer vacation along with our Parliamentary representatives, therefore little of great consequence to report other than in mid-July planning consent was granted for the formation of a 55-bay car park in the playing field in Redehall Road which hopefully will alleviate some of the traffic problems continuously plaguing the village. This now awaits the final step which is approval by two Secretaries of State before the project can commence.

The Tandridge Local Committee, following representations from your councillors, has agreed that County Council and Highways representatives meet to discuss improvements to the traffic management at the dangerous junction at Redehall Road/Plough Road/Wheelers Lane although may not agree to the proposal of the introduction of an East to West one-way system. It is unlikely that any progress will be made on this prior to the August recess.

Good news for some! The price of a hot coffee from the self-service community café in Centenary Hall will reduce to £1.00 from early August and the Monday plant days are proving to be a popular venue (*see below*).

I trust that you all have enjoyed your summer break, let us hope for some mild weather over the forthcoming months.

Ian Wates
Chairman, Burstow Parish Council

IN AID OF
ST CATHERINE'S
HOSPICE

Registered charity number 281362
and as a company in England no. 122646.

Plough Road Allotment Group and friends would like to thank all who supported our sale of plants and cakes at the Centenary Hall on Monday 8 July. We raised £141.75 for Saint Catherine's Hospice.

You will find us at the community café in the Centenary Hall 'Cafe Nearu' on the second Monday of each month between 9 and 12.30 – the next coffee morning dates are **12 August and 9 September**. There will be homemade cake available to enjoy with your coffee and in August we hope to have seasonal allotment produce as well as plants and flowers for sale. All proceeds are donated to St Catherine's Hospice.

BURSTOW AND SMALLFIELD WOMEN'S INSTITUTE

On another lovely summer day the ladies of the WI met for the last meeting before the August break.

There was good news to share as the Cake Stall held in Smallfield on 15 June had made £171 which will go towards funds for Burstow's Centenary celebrations next April. The cakes were being sold as we set up the stall and all had gone by 11 o'clock.

Our speaker for the July meeting was Ann Chance and her subject was Saddlesore in Montana. From the age of eight, when she received the present of a Buffalo Bill Annual, Ann had wanted to go to the Wild West and be a cowboy.

Life, career and children had intervened, so apart from once sitting on a horse when her children were learning to ride, Ann had not attempted to ride in earnest until the age of 64. She eventually was having two lessons a week on Epsom Downs – learning a rising trot and a canter – then with a group of considerably younger riders she went on a gallop over Mitchells Gallop. Upon returning to the stables, exhilarated at her achievement, she got stuck halfway off her mount as the prong of a buckle had got caught in the front of her jodhpurs – the process of disentangling herself rather took the shine off the ride.

Now Ann was ready to try the Wild West and she signed up for a cattle drive in Montana. She equipped herself with heavyweight, tough Wrangler jeans, 18-inch tall cowboy boots and long-sleeved shirts to protect her from the dust and the spiky undergrowth on the Prairie – also she had a bandana which is essential when several head of cattle are kicking up the dust in front of your horse – a wide-brimmed hat and a pair of leather gloves to protect her hands from the sun and the reins.

The daytime temperature was 105 degrees in Boseman when she joined the cattle drive – they were to sleep in tents at night and were told it would get very cold. Ann was allocated a horse called Houdini – and he lived up to his name by disappearing a lot. After a big cowboy breakfast they saddled up – no mean feat as the saddles weigh 45 pounds – and they set off through the sage brush and learnt how to round up cattle. After a long day the group then sat down on straw bales around the camp fire as it had started to get cold – someone was playing a guitar, there were beans to eat, shooting stars crossed the huge Montana sky and Ann burst into tears – this was a realisation of her childhood dream.

Ann recounted her adventures with many humorous anecdotes – she has

theWI
INSPIRING WOMEN

since taken part in two more cattle drives in Montana, one in Oklahoma and one in Wyoming. Ann is living proof that if you want to do something enough you can - age is no object but eventually two titanium knees curtailed the cattle drives.

The next meeting of Burstow and Smallfield WI is on 10 September at 2.00pm at Smallfield Church Hall, Redehall Road. This will be a craft afternoon when there will be a chance to make a card or bookmark as well as decorating your personal leaf for the new Centenary Banner. Tea and cake will be served.

AVIATION GROUP

With no meeting in August, the next meeting in Smallfield Centenary Hall will be at **7 pm on Tuesday 3 September** when Barry Lloyd will describe 'Wings for Sale – Worldwide Experiences of an Aircraft Salesman'. The designers may produce something that is going to 'sweep the market' but someone has to go out and sell it at the right price. Should be a fascinating evening about something few of us think about. Living in this area you will often see Emirates double-deck 500 plus passenger A380s coming and going from Gatwick. Airbus sold Emirates 111 of them at about £350 a time

Group members have recently enjoyed a day at the Great War Aerodrome at Stow Maries in Essex, which was an emergency measure to counteract the Zeppelin airships bombing London. We will also be visiting the Hovercraft Museum at Lee-on-Solent in Hampshire. The museum has one of the massive SRN4 hovercraft able to carry 418 passengers and 60 cars across the Channel at over 45 mph.

Our future meetings are:

- **1 October** – 'Breaking the German Dams – Operation Chastise', by Dr Robert Owen
- **5 November** – 'The first 100 years in Aviation' by Sir Donald Spiers.

Visitors are always most welcome, admission is £3 for the evening which includes refreshments, newsletter and two tickets for the transport books raffle. Membership for the remainder of 2019 is £6, (£9 for couples and £2 for those under 20), the phone number for further information is 01342 842594

John Thorpe

TEAS IN OUTWOOD CHURCHYARD

Come to tea in the Churchyard of St John the Baptist, Outwood (inside the church if wet), Brickhouse Lane, Outwood. The next teas will be served from 2-4pm on Saturdays **3 and 17 August and 7 and 21 September**.

A major programme of urgent repairs took place to the stonework of St John's Church last year, funded by the Heritage Lottery Fund. As a thank you to the National Lottery players who helped make this funding possible. any visitors who come to one of the tea afternoons in August and present a National Lottery ticket or scratchcard will have a free tea.

CAMEO **Come and Meet Each Other**

Members of Cameo came along for their annual tea in the Rectory garden in July. They all lingered, chatting, enjoying the lovely warm weather and the sandwiches, scones and cakes.

The next meeting of Cameo will be at **2 pm on Friday 2 August** in Smallfield Church Hall, when Marion Rich will be talking about how things changed locally with the arriving of the railways. The September meeting is at **2pm on 6 September**, when Ruth Godden will be talking about changing fashions in child birth and rearing over the years. If you have not been before and would like to speak to someone before coming along, ring Jo Coulson-Davis on 01342 843498.

HEAR HERE: NHS-trained hearing volunteer Helen will be at the hall from 1.30-2.30pm on both these dates to provide batteries for and to maintain your hearing aids.

Everyone is welcome at HEAR HERE or at CAMEO or at both.

News from the 1st Burstow Scouts

1st Burstow Scout Group has had a very busy end of term. At the end of June, the Scouts went to Gatwick Footgolf. Akela was pleased to win, but we all had fun.

The Cubs attended the triennial Surrey Scout County Cub Fun Day at Hook Road Arena, where they participated in some of the hundreds of activities, which included pancake making, playing giant twister, making paper rockets, tug of war, zip wire and inflatables. This was a great day with over 2,000 Cubs from all over Surrey.

In July the Scout Group had an outing to see Illyria Theatre performing Shakespeare's 'The Tempest' in the Ampitheatre at the Hawth. We all enjoyed the show, but the Shakespearian language was a challenge! Calvin, who had read the play at school, explained it to his very confused Scout Leader, Andy. Calvin's English teacher would be very impressed!

Finally all our Beavers, Cubs and Scouts have been working hard on their Air Activities Stage 1 Badge, which has included learning how to make and fly paper aeroplanes and the phonetic alphabet. We completed the Badge with a visit to Gatwick Aviation Museum, where some lovely volunteers showed us around, explaining about the different aircraft and how the different aeroplane engines work. We all had a fantastic time.

If you know anyone who would like to join our Scout Group, please contact me, gsl@burstowscouts.org, or 01342 718862.

Rowenna Woodward BEM
Group Scout Leader, 1st Burstow Scouts

A new waiting room Blood Pressure Monitor has been installed in Smallfield Surgery, thanks to a successful fundraising campaign organised by the surgery's Practice Health Champions – a voluntary community initiative to support Smallfield Surgery in the health and welfare of its patients.

Following a kick-off contribution from the Smallfield Surgery Partnership, prominent local businesses were approached to provide funds and generous donations were received from Paul Apps (Apps Grab & Tipper Hire), Anthony Harris (James A Harris & Son, Quality Butchers) and Matthew Fuller (Fuller Grab & Tipper Hire).

Dr Anita Raina, a Partner at Smallfield Surgery said: "Two of the three major causes of Cardiovascular Disease which result in one in four deaths in England are Atrial Fibrillation and High Blood Pressure. We already have a successful Atrial Fibrillation Screening process in place. The Blood Pressure Monitor will be accessible to all patients and individual results will be put on their medical records with timely medical intervention if required."

The picture above shows (left to right): Pete Hughes, Practice Health Champion; Paul Apps, Apps Grab & Tipper Hire; Matt Fuller, Fuller Grab & Tipper Hire; Anthony Harris, James A Harris & Son, Quality Butchers; Doctors Bangalore and Raina, Partners at Smallfield Surgery

Following the heavy rain and flooding locally in June, here is an edited version of the recent update of their activities that the Smallfield Flood Action Group gave to Burstow Parish Council

Reformed in November 2017, the Flood Action Group (FAG) has made a lot of progress, but there is still a great deal more to do. Over 25 high risk priority locations have been identified, and our area is now recognised as one of the major flood risk priority areas in Surrey.

Achievements to resolve these risks include a number of 'self-help' residents working groups who are undertaking drainage improvements to ditches. These groups are tackling problems in the Burstow Church area, along Smallfield Road, and at the north end of Chapel Road. The FAG has also successfully lobbied to improve routine maintenance, such as roadside gully and drain cleaning.

Communications and Engagement

To communicate information a number of Community Residents Meetings have been held, and a Flood Awareness Open Day was held in March. Leaflets and other documents about understanding flooding have been produced and information is circulated via an email scheme, messages are posted on the village Facebook group, and there is information on the Parish Council website. 500 letters were delivered to homes encouraging residents to report flooding incidents, which is so important to pressurise organisations such as Thames Water to spend money and upgrade their inadequate facilities.

Meetings with Flood Risk Agencies

Meetings are held regularly with the authorities responsible for flood risk protection (Surrey County Council, Thames Water, Environment Agency, and Tandridge District Council). Nine quarterly Multi-Agency Meetings have been held and we have received significant support and funding, with a number of drainage improvements already undertaken by the authorities to reduce our flooding risks.

Flood Risk Reduction Achievements

Examples of drainage improvements already achieved and the support provided by the various Agencies include:

- replacement of a major drain in the centre of the village along the footpath next to the school from Wheelers Lane to Weatherhill Road (Surrey CC),
- a new drain system to prevent flooding in Redehall Road outside the Scout Hut (Surrey CC),
- clearing of a number of obstructed watercourses (Environment Agency),
- cleaning of drains and sewers in Orchard Road, Redehall Road, and New Road (Thames Water and Environment Agency).

Also a large number of investigations have been undertaken by Surrey CC to secure money for more improvements, and by Thames Water.

Ditch Maintenance Programme

Much of our area is a flood plain and good ditches are essential to protect us from flooding. An extensive survey of the condition of ditches was undertaken by Surrey CC. As a result some riparian owners were asked to clear ditches and undertake other works. The outcome is that of the 2.6 km identified for required maintenance, 1.3 km have already been cleared and further work on the remaining ditches is underway.

Flood Alleviation Scheme

This scheme is currently at the outline design stage. Tandridge DC has provided £300,000 for the design, which is being led by Surrey CC. The estimated cost is in the region of £2.3M, and the earliest construction start is considered to be end 2020.

Linkage to Neighbourhood and Local Plans

The FAG provides technical advice to the Burstow Neighbourhood Plan steering group. Flooding risk is a major consideration in the Tandridge Local Plan in relation to any future housing development, and before any more development is approved the following is crucial:

- We need the Flood Alleviation Scheme to reduce surface water flooding.
- Until the overloaded foul and combined sewers and associated pumping stations are upgraded we should not be building further houses in vulnerable locations where the drainage cannot cope with the demand from existing houses.

Recent Flooding Incidents

In spite of the achievements made our area continues to suffer from serious flooding risks, as illustrated by the incidents on the 12th June.

(Continued overleaf)

- Toilets backing up and unable to be used in Orchard Road, Wheelers Lane, and the Acorns. Burstow School toilets affected with sewage bubbling up from a manhole cover in the playground, and backing up of the sewer into the Surgery storage system.
- Properties were flooded in Orchard Road, Woodside Crescent, and Haversham Close, and so was Fuller's Yard.
- Haversham Lane was closed, Raleigh Drive was also impassable, Kingsmead Road, and the Acorns were also flooded.

M23 / Highways England Issues

Works associated with the Smart Motorway Project have created a number of additional flooding issues. Meetings have been held with Highways England to try and resolve these issues, and some good progress has been made. However, the long-term lack of maintenance to balancing ponds and their associated drainage system, which is the main flow route for the main Weatherhill Stream out of Smallfield, and other main river drainage concerns in the area of the M23 continues to present significant flooding risks. A further meeting with Highways England to try and resolve these issues will take place.

Conclusion

Lobbying by the FAG, developing good relationships with agencies, and the work undertaken has achieved results. We have made progress and in spite of restricted budgets we have received a significant share of resources and money from the authorities. But there is still much more to do to reduce the flood risks that we face.

Graham Pooley

SMALLFIELD COMMUNITY SPEEDWATCH

In the year ended December 2018 your Speedwatch team reported to Surrey Police:

3,013 offenders

Amongst these were:

295 2nd time offenders and 46 3rd time offenders

The Team comprises 16 regular police-trained community members who are able to commit to an hour or more a month at various approved locations around the village.

We ARE making a difference.

So much more could be achieved with more members.

Should you wish to join the team please contact the Parish Clerk, Jeannie Ryan (01342 841880, burstowparishcouncil@gmail.com)

RECYCLING REPAYS

Recycling food waste is beginning to pay dividends as Surrey residents recycled even more in their caddies last year meaning £310,000 is being saved every year and helping to protect essential services.

Residents' efforts have made savings because it costs less to recycle food waste (turning it into electricity) than it does to dispose of it. And, even though it's only a small action, it shows that putting a bit more into your caddy can make a big difference.

Even though big savings are already being made, more food waste can go into caddies. In fact, if all food waste in Surrey went into caddies, it would save an extra £3 million a year. And remember, all food can go into your caddy so please put more in and help increase the savings being made.

Meanwhile, here is a reminder of all the items that can and should be put into the blue recycling bins:

Paper and cardboard

- Books
- Cardboard – any size (as long as bin lid can close)
- Cereal boxes
- Computer paper/print outs
- Egg boxes
- Greeting cards
- Junk mail
- Newspapers/ magazines
- Envelopes including window type
- Office paper, white and coloured
- Other paper including clean paper bags
- Shredded paper (please contain in paper bags or cereal boxes when possible)
- Telephone directories including Yellow Pages and other catalogues
- Wrapping paper (non-shiny and without any glitter).

Glass

Bottles and jars (please remove lids. Metal lids can go in the recycling bin and corks should go in the general waste bin).

Metal

- Aerosol cans (fully discharged).
- Drink and food cans.
- Foil, including metal food trays (with any remaining food removed before being put in the recycling bin)
- Metal lids eg screw tops, beer bottle tops, jam jar lids, can lids.
